### Products and Services

#### To Protect You, Your Company, Your Equipment and Your Carnet

- To expedite your application, certain required and standard services (listed below) have been included with your carnet application. (The Preference Tab above allows you to change these default selections for future applications.)
- Click **Continue Application Process** to bypass reviewing these options at this time. You will automatically apply for the preselected products and services. (You can always decline these services later in the application process.) **Note: Certain services listed below, like the [carnet bond](#), are required by U.S. Customs for all carnets issued to non-Government and non-USCIB Member companies.**
- To review, accept or decline individual services before proceeding, click on the More Details buttons below. Additionally, terms and conditions, sample forms and other descriptive information can be viewed through the **More Details** button for each product or service.
